PREM KAJIWALA

Surat, Gujarat | +91 6353820610 | premkajiwala@gmail.com

PROFILE SUMMARY

Actively learning front-end development with a growing understanding of building responsive and efficient web applications. Continuously building technical skills and exploring modern development workflows and collaborative practices. Also experimenting with AI-assisted approaches to design and generate web applications through effective prompting, while actively seeking opportunities to apply technical knowledge in practical, real-world environments.

SKILLS

- **Front-End Development** (HTML, CSS, JavaScript, PHP, Bootstrap)
- SQL & Database Management
- Behavioral UML Diagrams
- Effective communication
- Prompt Engineering
- Fundamentals of Software Engineering

EXPERIENCE

AI-Assisted Web Development Project | Mewar-Sync - (Cultural-Tech)
Google Lake city Hackathon | 2026

- Contributed to building a web solution for accounting cash flow and stock inventory management using AI-assisted development approaches.
- Collaborated with the team to design and iterate features within hackathon timelines.
- Focused on creating responsive web interfaces while actively learning front-end development.
- Demonstrated flexibility in leveraging AI tools to accelerate development and translate requirements into functional components.

EDUCATION

GRADE 10 – CBSE BOARD
GPA – 73.2%

GRADE 12 – CBSE BOARD
GPA – 77%

Integrated Masters of Computer Application – (Currently)
Sarvajanik College of Technology and Engineering

- 9.73 CGPA
- Completed an **Artificial Intelligence** workshop at IIT Bombay.
- Gained practical exposure to Prompt Engineering concepts and use cases

ACHIEVEMENTS

- **1st Position** — Inter-University Graphic Design Competition (Metaverse themed visual concept).
- Qualified in an inter-university Code Combat competition (C programming).
- **Google Lakecity Hackathon 2026 Finalist:** Recognized as a Top 30 performer among 2,000+ competitors for excellence in AI-integrated web development.

AREA OF INTEREST

Exploring emerging technologies to build practical, real-world solutions with social impact, while gaining hands-on exposure to industry-relevant projects.
